Total space is 115 sq. meters or 1237 sq. feet.

December 25, 2017 to June 2018 (date negotiable).

Short term rental apartment –Normally, BudaBaB is an American owned B & B, centrally located within the historic WWII Jewish ghetto. It is set in an Art Nouveau building that dates to 1898. Our rooms are spacious and sunny, with high ceilings and elegant woodwork. When we travel for long lengths of time, we offer our apartment for rent on a short-term basis.

Three bedrooms can sleep up to 5 people. Two sofa beds increase the capacity to 9 people, but understand, this is not a party building. The smallest bedroom has a desk and small balcony.

One full bathroom has a shower, plus a second half bathroom with a toilet and sink. The washing machine lives in the large bathroom.

As this is generally our home, the kitchen is fully furnished with dishes, glasses, pots, pans, full stove and oven, full sized refrigerator, microwave oven, coffee maker, hot water pot, toaster, slow cooker, and food processor.

In the living room, you will find a full-sized sofa with built in leg rests, a love seat, and an additional recliner. There are dozens of books to read and enjoy, but they should not leave the apartment.
